HIGHLIGHTS 2011-2012

The AMC created research opportunities for 33 students and supported 8 student presentations at national and international Metropolis conferences. In addition, AMC research affiliates supervised 16 Master's and 8 PhD theses.

Scholars affiliated with the AMC produced 82 publications, 101 conference papers and generated \$835,269 in new, external research money.

The AMC and its domains delivered forty-five knowledge translation/mobilization activities.

1.0 INTRODUCTION

Ce rapport annuel du Centre Métropolis Atlantique fait état des activités entre le 1er avril 2011 et le 31 mars 2012. Il marque également la seconde année dans la phase III du projet Métropolis (2007 — 2012). Cette troisième année de la phase III a été très fructueuse pour le CMA et a vu de nombreux projets nouveaux et publications, ainsi que plusieurs activités visant le transfert de la connaissance.

Créé en janvier 2004, le Centre Métropolis Atlantique met en évidence les perspectives et les préoccupations de la région atlantique relatives aux politiques stratégiques nationales du projet Métropolis et de ses partenaires fédéraux. Le CMA est affilié à quatre autres centres Métropolis (établis en 1996) et fait partie d'un réseau transnational lié au projet Métropolis international.

Le CMA a pour but principal de contribuer à l'élargissement des connaissances relatives aux politiques et aux tendances dans le secteur de l'immigration, aux changements et aux migrations de la population ainsi qu'aux priorités et aux programmes relatifs à l'immigration sur le plan régional et national. Étant donné que l'immigration devient depuis quelques années une plus grande préoccupation au Canada atlantique et une réalité plus connue, le CMA concentre ses efforts sur l'attraction, l'intégration et la rétention des nouveaux immigrants dans les communautés anglophones et francophones.

Le CMA œuvre dans les deux langues officielles à partir des bureaux de Halifax et de Moncton, favorisant la promotion d'un dialogue entre les communautés linguistiques et de divers milieux. Grâce à l'appui des universités de la région, les cinq groupes ou domaines de recherche régionaux du Centre peuvent rassembler des chercheurs, des organismes communautaires, des fournisseurs de service aux immigrants ainsi que des responsables de l'élaboration de politiques sur le plan municipal, provincial et fédéral (voir les résumés des domaines dans l'annexe A).

The AMC is managed by three Directors – Dr. Madine VanderPlaat, Saint Mary's University (lead university), Dr. Chedly Belkhodja, Université de Moncton and Dr. Marguerite Cassin, Dalhousie University. The five domains/priority areas housed at the AMC are briefly described below. Detailed information on each of the domains is presented in Appendix A.

The *Gender, Migration and Diversity/ Immigrant Women* research domain provides a unique entry point to identify issues of particular relevance to immigrant women that might otherwise be overlooked. The objective is to provide a regional and national focus for gender-based analysis of immigration and diversity. This domain has a specific focus on the *Family, Children and Youth*

policy priority area. (Domain Leaders: Dr. Evie Tastsoglou and Dr. Alexandra Dobrowolsky, Saint Mary's University).

The *Economic and Labour Market Integration* research domain investigates the economic effects of immigration, economic performance of immigrants and the role of socioeconomic factors in attracting and retaining immigrants in smaller and rural communities. (Domain Leaders: Dr. Ather Akbari, Saint Mary's University and Dr. Ted MacDonald, University of New Brunswick)

Les communautés accueillantes examinent la capacité d'un pays à recevoir et à intégrer les immigrants, les réfugiés et les membres de minorités repose sur de nombreux facteurs d'ordre social, dont plusieurs peuvent être grandement influencés par les politiques gouvernementales. Cette priorité de recherche permettra de déterminer quels instruments de politique publique sont les plus propices à contribuer à la capacité du Canada, de ses villes et de ses collectivités à recevoir et à intégrer avec succès les immigrants, les réfugiés et les membres de minorités. Elle présentera également l'occasion d'identifier, selon des méthodes empiriques, des pratiques exemplaires qui pourront être adaptées de sorte à être mises en œuvre dans d'autres contextes. (Domain Leaders : Dr. Sylvia Kasparian et Dr. Cristophe Traisnel, Université de Moncton)

Canada's immigration program, like its multicultural approach to inclusion, is designed to bring benefits to Canadian society as well as an offer of a better life to immigrants, refugees, and their immediate families. It is not only the Canadian economy that feels the effects of immigration. Accordingly, the *Citizenship, Social and Civic Integration/ Citoyenneté et intégration sociale, culturelle et civique* domain looks at the social and cultural effects of immigration and diversity on Canada and will determine the extent to which there are risks to societal well-being, to full participation of the members of these groups as citizens, and to the cohesion of Canadian society overall. (Domain Leader: Dr. Pauline Gardiner-Barber, Dalhousie University)

Concerns over social cohesion and national security, especially the contemporary preoccupation with terrorism, have raised the public profile of debate surrounding how Canada and its justice and security systems can ensure a balanced and fair approach to an increasingly diverse population - to maintain order, public safety and national security while preserving civil liberties and the Canadian multicultural model of an open, diverse society. These are the challenges facing the *Justice, Policing and Security* domain. (Domain Leaders: Marie-Andrée Pelland, Université de Moncton and Margaret Denike, Dalhousie University)

2.0 Training Activities

A total of thirty-seven students and seven non-students were provided with training opportunities in 2011-2012. The majority of these individuals were employed as research assistants on AMC or externally-funded research projects. This figure also includes three Master's students hired as office assistants to help with various projects at the AMC office. Table 2.1 indicates the number of students who have participated in the AMC in various capacities during the reporting period.

Two Master's students were also hired as office assistants during the reporting period to help with various projects including the Saint Mary's University Research Expo, the widespread distribution of the AMC Policy Briefs across the region, as well as promoting other events across campuses. One PhD candidate was hired to produce Policy briefs based on AMC working papers.

The AMC sponsored five students to attend the 14th National Metropolis Conference in Toronto (see Appendix B.3) and two students received funding to present at the 14th International Metropolis Conference in The Azores.

3.0 Research

3.1 Publications

In 2011-2012 researchers affiliated with the AMC produced 7 books, 27 book chapters, 24 journal articles, and 24 other publications. Table 3.1 depicts the distribution of publications across domains. There is slight duplication of numbers across domains due to the inter-disciplinary nature of some of the works. A full list of publications is included in Appendix C.1.

4.0 Knowledge Transfer/Mobilization Activities

Knowledge transfer and mobilization activities remained a primary focus for the AMC during 2011-2012. Several public events were organized directly by AMC, such as the film screening of the award-winning documentary “*Refugees of the Blue Planet*” in Halifax and the roundtable “*Immigrant Entrepreneurs in Moncton*” in collaboration with Moncton City. Meanwhile AMC staff continued to provide dedicated and full support to run domain events throughout the year.

4.1 Centre Activities

AMC 2011-2012 Policy Research Symposium

The AMC held its 7th Annual Policy Research Symposium August 30-31st, 2011, at the Crowne Plaza Hotel, Fredericton, New Brunswick. The event was attended by approximately 60 researchers, NGO representatives and government partners.

The Symposium was organized round the theme “*Does 'Place' Matter? Multiculturalism in Atlantic Canada*”. Six presenters drawn from the NGO and academic sectors discussed theoretical debates and ongoing/ recently completed research on lived experiences of multiculturalism in the lives of various immigrant and newcomers groups such as youth, refugees and entrepreneurs.

Participating government partners at the federal and provincial level included ACOA, Citizenship and Immigration Canada, Status of Women Canada, Cape Breton County Economic Development Authority, NS Department of Economic and Rural Development and Population Growth Division, NB. Non-Governmental Organizations included: Immigrant Settlement and Integration Services, PEI Association for Newcomers to Canada and Association for New Canadians (St. John's, NF), NB Multicultural Council.

A full agenda and participants list can be found in Appendix D.1.

The event very positive feedback as well as constructive comments:

“Good balance between theoretical discussion and empirical research (even if most of the research presentations were preliminary).”

“Excellent!” “It would be nice to have research participants to co present as most of the talks/discussion is around immigrants.”

AMC Newsletter

During the reporting period, the AMC released three newsletters in order to better share centre news, and in particular promote upcoming events and provide synopses of past ones. The newsletter was revamped to conform to a professionally-designed format and included pictures, student reports and links to AMC in local media.

Atlantic Metropolis Centre Policy Briefing Notes

AMC continued the distribution of the booklet *Atlantic Metropolis Centre Policy Briefing Notes 2010*, and regularly produces policy briefs of new Working papers. (Copies are freely available upon request from the Atlantic Metropolis Centre, please e-mail atlantic.metropolis@smu.ca).

4.2 Domain Activities

Each of the five research domains participated in the continued development of networks, partnerships and collaboration with other researchers. The domain leaders and members contributed to knowledge mobilization through a variety of activities including domain-sponsored visiting speakers, round tables and meetings and participation at regional, national and international conferences.

AMC and its domains have delivered forty-five events this past year (see Table 4.1 below). The full list of events is available in Appendix D.2.

5.0 Network Activities

5.1 Regional and National Partnerships, Collaborations and Networking

The AMC engages in partnership, collaboration and networking activities aimed at developing research capacity, increasing the profile of the centre, leveraging research funds, and extending the research network. Domains have established successful local partnerships which include:

SSHRC, CIC, Canadian Heritage, Status of Women Canada, Nova Scotia Advisory Council on the Status of Women, Nova Scotia Department of Education; Immigrant Settlement and Integration Services (ISIS), Multicultural Association of Nova Scotia (MANS), Maritime Centre of Excellence for Women’s Health, Nova Scotia Office of Immigration, Immigrant Women’s Group, YMCA, Pier 21 Newcomers Program, and the Atlantic Population Table. Details of individual partners for each domain are listed separately in Appendix A.

All of the directors and domain leaders engage with academic, government and NGO partners locally and nationally on a regular basis, both through the domain committees and in project-based research work. Staff from the Halifax AMC office participated in various meetings, public lectures and conferences. For example, Serperi Sevgur attended the Immigrant Settlement and Integration Services Café Diversity on the theme of the human rights of immigrants, and Shiva Nourpanah presented Metropolis research on the influence of diasporas on Canadian Foreign policy to undergraduate students of Political Science at Dalhousie University. Full list of activities in Appendix D.

5.2 International Linkages and Collaborations

AMC researchers continued to expand networks internationally and strategically build linkages with colleagues working on migration issues in a number of countries in Europe, Africa, Asia and Australasia.

The three AMC directors as well as domain leaders Pauline Gardiner Barber, Christophe Traisnel, Sylvia Kasparian and Ather Akbari, and student affiliates Teeba Alsafar and

Catherine McKeigan attended the 17th International Metropolis Conference in The Azores, where they networked with colleagues from around the world and presented on multi-national panels.

6.0 Governance and Budget

6.1 Governance

The AMC provides for direct input into Centre planning and activities to government policy makers, representatives of the lead universities, and NGOs through their memberships on the Centre’s Board of Directors, its Program and Dissemination Committee (the central planning committee of the Centre), and its Domain Committees. The governance structure for the Centre is included in Appendix E.1.

Membership on the 2011-2012 Board of Directors and P&D Committee can be found in Appendices E.2 and E.3 respectively. The AMC structure of governance also provides for government and NGO membership on its peer-review Research Evaluation Committee (Appendix E.4). For a complete list of the AMC’s government and NGO partners, see Appendix E.5.

6.2 Staff

*indicates casual part-time work.

There are two staff-members in the Halifax node office. Shiva Nourpanah continued in her position as the Centre Coordinator and Communications Officer, also taking over the duties of the webmaster after upgrading her skills to include regular website updates. Serperi Sevgur remained as a part-time Administrative Assistant. Golsa Kafili (graduate student) and Mert Ozturk (undergraduate) have also provided logistical support for various events, as well as remaining active in distributing promotional materials and notices for events across Halifax campuses. Devon Proudfoot, a doctoral student, was hired to produce policy briefs. In the Moncton node administrative duties are shared by one part-time employee, Valérie Roy.

6.3 Budget

The AMC receives \$307,000 annually from SSHRC. It does not have any other sources of direct funding. 2011-2012 expenditures were in the following general categories.

Salaries	\$81,918
KT	\$ 7,833
Travel	\$62,364
Domain Seed Money	\$75,000
Operating	\$3,388
	<hr/>
TOTAL	\$260,503

Remaining monies (\$46,497) will be used to maintain the office during the 2012-13 SSHRC extension period.

6.4 Support from Consortium Universities

The Halifax node of the AMC operates from a suite of offices in the Atrium Building, at Saint Mary's University. The space at Suite 213 has been generously donated by the University. In addition, Saint Mary's covers all expenses related to telecommunications. The Moncton node is housed at the Université de Moncton where facilities are provided free of charge.

Each of the partner universities contributes a course release for its domain leaders (\$32,000). In addition, Moncton contributes \$5,000, while Dalhousie and Saint Mary's each contribute \$8,000 in course releases for the Directors. Saint Mary's also provides accounting and administrative services to the AMC as well as technological support. Dalhousie and Moncton provide financial services, research services, computers and computer support and office supplies.

In addition, lead and partner institutions provided travel funding for Centre researchers and fellowship funding for graduate student training.

6.5 Non-Research Project Specific Funding from Federal Departments

Human Resources and Social Development provided \$3000 to the AMC to support student participation at the 13th National Metropolis Conference in Vancouver. With this funding, the AMC was able to pay registration, travel and accommodation costs for seven students from four universities in three Atlantic provinces.

7.0 Future Planning

In November 2011, the AMC was informed that SSHRC has agreed to extend its operation for a further year, until March 2013. AMC has not received any additional funds for the year 2012-2013, and there will be no further grant competitions. The office at Saint Mary's University and Université de Moncton will remain open, and the staff will be involved in organizing various knowledge transfer events, maintaining and updating the website, wrapping up projects from grant competitions in previous years, and providing support to the domains.

Meanwhile, under the guidance of Dr. Terry Murphy, Chairman of the AMC, AMC was very active in promoting the new partnership proposal "Pathways to Prosperity", headed by Dr. Vicki Esses at University of Western Ontario, which succeeded in receiving a SSHRC grant. Both Terry Murphy and Chedly Belkhodja, Director of AMC based at Université de Moncton are co-applicants of the new project, while other directors as well as many of the AMC domain leaders and affiliates are academic collaborators. During this final year, AMC will continue to actively promote and assist in unrolling the new project in the Atlantic region.

Major events planned for 2012-13 are as follows:

28-29 September 2012, St. John's, Newfoundland: "Atlantic Canada: Home Away From Home?" A research symposium jointly organized by the Welcoming Communities and Gender /Immigrant Women domain, in collaboration with Memorial University, Government of Newfoundland and local NGOs.

4 October 2012, Museum of Canadian Immigration at Pier 21, Halifax, NS: As part of a series of events to celebrate the fortieth anniversary of signing a treaty on scientific and technical collaboration between Germany and Canada, Dr. Alexander Freund from University of Winnipeg will be giving a public lecture on the German-Canadian migration through a historical perspective.

Research Domain Objectives:

La capacité d'un pays à recevoir et à intégrer les immigrants, les réfugiés et les membres de minorités repose sur de nombreux facteurs d'ordre social, dont plusieurs peuvent être grandement influencés par les politiques gouvernementales. Cette priorité de recherche permettra de déterminer quels instruments de politique publique sont les plus propices à contribuer à la capacité du Canada, de ses villes et de ses collectivités à recevoir et à intégrer avec succès les immigrants, les réfugiés et les membres de minorités. Elle présentera également l'occasion d'identifier, selon des méthodes empiriques, des pratiques exemplaires qui pourront être adaptées de sorte à être mises en œuvre dans d'autres contextes.

Governmental / Community Partners:

Citizenship and Immigration Canada; Nova Scotia Agricultural College; Nova Scotia Law Reform Commission; Halifax Refugee Clinic; Immigrant Settlement and Integration Services

Research Domain Objectives:

Canada's immigration program, like its multicultural approach to inclusion, is designed to bring benefits to Canadian society as well as an offer of a better life to immigrants, refugees, and their immediate families. It is not only the Canadian economy that feels the effects of immigration. Accordingly, this domain will look at the social and cultural effects of immigration and diversity on Canada and will determine the extent to which there are risks to societal well-being, to full participation of the members of these groups as citizens, and to the cohesion of Canadian society overall and in its regions.
